St. Prohor Pchinjski spiritual center of Fudokan karate in Europe

The monastery, which was founded in the 11th century, the Academy of St Prohor Pchinjski, unique institution for the martial arts in the area of Europe - European Shaolin - reopens it's doors to students - karate masters..

What is the Academy of St. Prohor Pchinjski?

The unique form of education where martial arts are practiced in its original roots. Academy of St. Prohor Pchinski is an educational institution that cooperates with EPCD - European Center for Peace and Development - International Faculty of sport, University of Peace established by United Nations. St. Prohor Pchinski Academy is a traditional institution where the top experts from different disciplines: Karate, Aiki-Jitsu, Bo-Jitsuu, Kobudo, Aikido, are educating newcomers with the specific practice form all in purpose of nurturing the true meaning of the brotherhood idea of St. Prohor Pchinjski, regardless of race, ethnic, religious, social or ethical aspects. All Fudokan newcomers will be provided of gaining a true Fudokan karateka values. The very point of Academy existence is to form such generation of Fudokan instructors that will be capable to guide World Federation with maximum of responsibility and liability distinctive to Fudokan karatekas.

I'm truly looking forward to a new beginning of Fudokan Academy after a long break. I consider that the responsibility of each karate instructor is to verify their presence, their loyalty and devotion to Fudokan karate at Academy of St. Prohor Pchinjski.

This is more than a karate obligation.
