1. What makes my school special

I want to present you a part of my project work «What makes my school special».

We have many extracurricular activities and clubs at my school.

We have got many annual events and competitions.

- Theatre students perform interesting plays at the end of school year.

- Sports clubs attend most of our students. Tennis, Gymnastic, football basketball clubs help us to be strong. Our girl's volleyball team have won many competitions. They have shown themselves as a very skilled and hard-working team.

- Our Concert Choir and dancing groups take part in the Annual School Festivals and concerts. We have had a big concert programme recently for our mothers. It was exiting. We are very pleased with ourselves.

- Drawing club has many Poster's Contests. Art students from our school take many awards. They make posters and drawings to express how they feel.

- Chess club invite students of all ages. You will be a chess master, absolutely.

Tourism club is the most favourite club. We can open a tent camp, use a climbing rope, use necessary equipment, live in the forest during hikings.

-

- **School clubs are a part of our daily life. We have many possibilities to introduce our school.**

3.What are your dreams and ambitions

Nasty said: “I think medicine could be what I want to do for a career. I’m involved in volunteer work at the nearest hospital and help at the Food Bank, packing food and delivering boxes to those in need. I like it. It’s a challenge, and it’s a good way to meet people and learn about a future profession. I’m planning to stay at school to study for 11 forms. After that, I hope to go to university”

Dima said: “ I plan to go to a 6th form college. I also help with Sunday School lessons at the Springwood Church. It’s a job I enjoy and it gives me great experience. As for future plans, I may go to teacher training school, but I haven’t completely decided yet.”

As for me, I am going to study English literature when I go to university this year, because I have always been interested in books. I might even turn out to be a writer myself one day. I have already written some short articles for our school website. Anyway, I want to write stories and become famous one day
