I. Прочитайте текст и закончите предложения после него.

I'm Sally and I'm 12 years old. For me summer is the best season of the year. I have a lot of good friends at school. So, when summer starts I get lots of free time to spend with my friends. We go to the park, ride our bikes and always eat a lot of ice cream.

My parents love to travel abroad while they are on holiday. So we always go to some foreign country in summer. As for me, I also like seeing new places and meeting new people.

Last summer was full of good things. In June my parents and I went to Italy for a week. The weather was warm and sunny. And the nature in this country is beautiful. We swam a lot in the sea, we sunbathed, and then we went on some excursions to see the historic places around the country.

I met a nice girl from France there. We became friends. Now we write letters to each other. I hope she will visit me here in Moscow next summer.

When I came back from Italy, I went to visit my grandparents. They live in a village which is not very far from Moscow. The air there is always fresh and clean. At my grandparents' I have some good old friends, so I wasn't bored there. I spent a lot of time outdoors. We played basketball, hide-and-seek, and even went to pick mushrooms once.

I should say that summer was great and the weather was always wonderful! It's a pity that my favorite season ended so quickly.
