Reading (max - 10 points)**Time: 20 minutes**

Task 1. Read the text about very unusual trip and do the tasks (32 - 41) "The Mysterious Island Adventure".

Last summer holidays, Tom (12 years old) and his younger sister Lily (9 years old) made an exciting discovery while cleaning their grandfather's attic. Under an old pile of newspapers, they found a mysterious yellowed map with a red "X" marking a small island called "Seagull Rock" near their coastal town.

The children spent the whole evening studying the map. It showed strange symbols like a palm tree, a turtle, and something that looked like a treasure chest! Their grandfather was out fishing, so they decided to prepare for an adventure themselves.

Early next morning, they packed a backpack with sandwiches and water bottles, a flashlight (even though it was daytime), Lily's camera to take photos, a rope from the garage, a small first aid kit (their mother insisted).

They took their grandfather's small wooden boat and rowed to the island. When they arrived, they saw:

- towering coconut palms swaying in the wind;
- huge gray boulders shaped like animals;
- colorful seashells covering the beach.

Suddenly, behind the largest rock, they heard a rustling sound. A small monkey with golden fur and big curious eyes was watching them! It looked thin and scared. Tom slowly offered it a banana from their supplies. The monkey grabbed it happily and started jumping excitedly! Then it did something amazing – it gently pulled Lily's sleeve as if wanting to show them something. The children followed the monkey through thick bushes until they reached a hidden cave entrance covered with vines.

Inside the dark cave, their flashlight revealed:

- an ancient-looking wooden chest with rusty metal corners;
- strange carvings on the walls showing pirates;
- a small stream with crystal clear water.

With trembling hands, they opened the chest and found:

- about 50 shiny gold-colored coins;

- a child's pirate hat;
- a black-and-white photo of a boy smiling.

When they showed everything to grandfather that evening, he laughed loudly. "Oh my! That is my treasure chest from when I was 10 years old! We played pirates on that island every summer. The 'gold' coins are just painted chocolate wrappers!"
